PROFESSIONAL EXPERIENCE

MERN Stack Developer

One year

02/2023 | Ahmedabad, India

Experienced MERN Stack Developer with one year of expertise using Next.js, Shadcn, and Tailwind CSS for innovative and responsive web design. Proficient in API integration, dynamic pop-ups, and working with third-party tools like Shuftipro for KYC and services such as Strapi and Plaid for payments.

PROJECTS

Blog app

crud operations

My project blog app that includes CRUD operations and a user-friendly sign-in/sign-up process. It leverages the MERN stack, allowing users to seamlessly create, read, update, and delete blog posts with image. The React.js frontend facilitates an intuitive sign-up process, securely storing user data in MongoDB through the Node.js backend. The app ensures a smooth user experience, combining robust authentication with versatile content management.

Apple SSO [🔗](#)

Using Next js and nextauth .

My Next.js app incorporates Single Sign-On (SSO) with Apple ID using NextAuth. Users can effortlessly log in with their Apple ID, enhancing the authentication process. Additionally, the project includes a streamlined guide for configuring the app within the Apple Developer account, ensuring a seamless and secure login experience for users.

Dockerization Your Base Project

I've crafted a script for Dockerizing your base project, ensuring compatibility across Windows, macOS, and Linux. By executing the script, Docker will be seamlessly implemented in your base project, following the specified configuration effortlessly with a simple user input.

EDUCATION
